<sup>1</sup> Certain conditions apply. All applications are subject to credit approval. Merchant must enter into a merchant agreement with Chase Paymentech and purchase all of their point-of-sale, credit and debit card processing services from Chase Paymentech. Proof of status with the Restaurant Association of Nova Scotia will be required. <sup>+</sup>Cost analysis will be based on calculations for comparable services. Merchant must provide most recent payment processing statement to Chase Paymentech to confirm existing rates. <sup>\*</sup>Savings based on a \$25 fee for each Payment Brand, Visa and MasterCard. <sup>†</sup>This Merchant Discount Rate applies to all qualified transactions (being transactions that are standard for your business) and which meet the applicable Payment Brand interchange qualification levels ("Target Qualification Level") that Chase Paymentech expects to apply to your transactions. Merchant Discount Rate above applies only to Canadian dollar processing. Merchant Discount Rate for US dollar processing will differ. <sup>\*\*</sup> All other transactions, being Non-Qualified Transactions will be downgraded by the Payment Brand, resulting in higher Interchange fees. For processing Non-Qualified Transactions, Chase Paymentech will charge you: (a) the Merchant Discount Rate; (b) an additional fee (the "Non-Qualifying Amount") equal to the difference between the Interchange fee associated with your Target Qualification Level and the Interchange fee for the Interchange level at which the Non-Qualified Transaction was actually processed; and (c) a Non-Qualified Transaction Processing Fee (which is calculated as a percentage of the amount of the Non-Qualified Transaction). The combined total of the Non-Qualifying Amount and, if applicable, the Non-Qualified Transaction Processing Fee will appear on your statement. All rates provided in this document may be subject to change. Assessment and other fees will apply. <sup>TM</sup>Trademark of Chase Paymentech Solutions, LLC.
