

One solution, from front of house to back of house and everything in between.

Get tools built for restaurants that work together to help shift operations, maximize margins, and save time.

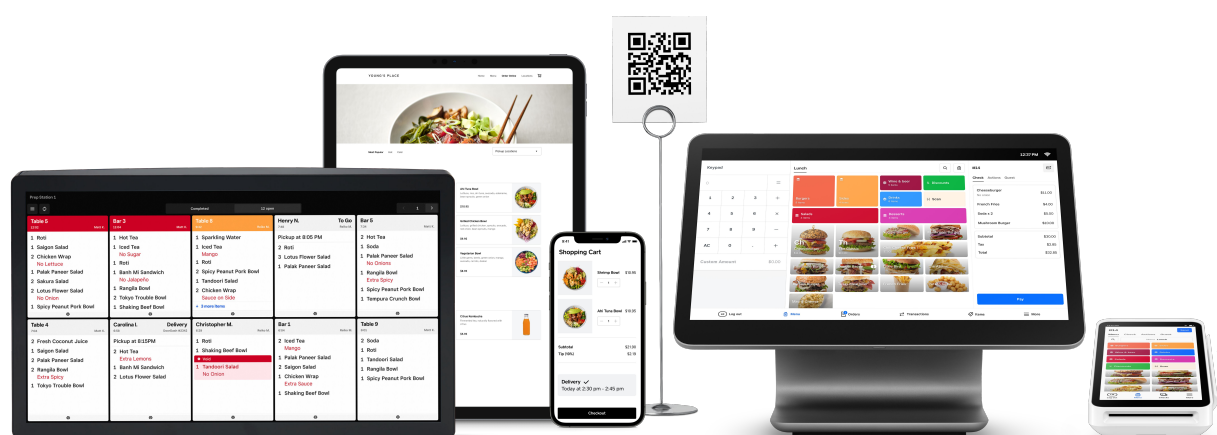

Here's why you should run your restaurant on Square:

- ✓ **Work with a trusted partner**
 - Never miss a payment, even if your internet goes down
 - Thousands of restaurants run on Square
 - 24/7 support for Plus and Premium plans
- ✓ **Always know what you're paying for**
 - Fair pricing with no hidden fees
 - No long-term contracts required
 - Save money by consolidating loyalty, marketing, payroll, and banking with Square
- ✓ **Save time by automating operations**
 - Manage on-premise and off-premise orders on one screen
 - Easily connect Square data to other systems you use for less manual work
 - Improve labor efficiency with QR code ordering and scan-to-pay QR codes on receipts
- ✓ **Bring diners back**
 - Connect to regulars with loyalty programs
 - Share updates and discounts via SMS or email marketing
 - Understand customer behavior with insights and guest profiles
- ✓ **Keep staff happy**
 - Train employees in minutes with an easy-to-use interface
 - Reduce errors with intuitive order entry
 - Payment processing in record time

- ✉ Create and send email or text marketing to your diners
- 🕒 Build custom loyalty programs to keep customers coming back
- 🎁 Sell physical or digital gift cards
- 🔗 Robust restaurant reporting
- 📄 Organize and fulfill orders in the kitchen with KDS

Why Restaurants switch to Square

"We used to subscribe to multiple operating systems that do the same thing. They were expensive and took up staff time. In 13 years of business, Square is the most complete ecosystem we've used."

FRANKIE DICARLANTONIO
CEO of Scaffidi Restaurant Group
